John Rowan submitted two resolutions for membership consideration at the VVA Convention and endorsement.

1. **Proposed position:** Require VVA’s officers and BOD to investigate the requirements to change the name of VVA and make that change to a name that would entice post-Vietnam era veterans to join the renamed organization and then open up membership to those newer veterans.

2. **Proposed position:** Given that VVA will cease to be a functioning national organization in the next several years, the officers and BOD must take action to either identify or create a new veterans organization of post-Vietnam veterans with whom VVA could enter into an agreement or partnership to ensure that someone will follow up on our issues of concern and assume the responsibilities of running our Veterans Benefits Department.
